

Reverse Advent Calendar

Christmas brings loads of joy and excitement for most of us. For many, though, personal financial constraints can make this time of year challenging and stressful.

If your financial position allows for it, we're encouraging you to give back to those less fortunate with our Reverse Advent Calendar.

Consider setting up a donation box/table/room in your workplace and encourage staff to bring an item each day, and watch it grow! Donate to a local charity or food bank just before Christmas.

- Think about letting team members choose which days they feel they can donate for, based on what they feel comfortable with
- You might want to allocate a date/item to various teams and see who can collectively bring in the most
- Staff are still working from home? Encourage the whole household to get involved, and use it an opportunity to teach kids the importance of giving back.
